Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Pulsar Helium Inc. (the “Company”) is a publicly traded company incorporated under the *Business Corporations Act* (British Columbia) on June 30, 2022. The Company’s common shares are listed on the TSX Venture Exchange (“TSX-V”) in Canada under the symbol PLSR and are quoted on the AIM market of the London Stock Exchange plc in the United Kingdom under the symbol PLSR, as well as listed on the OTCQB Venture Market in the United States of America (“USA”) under the symbol PSRHF. The Company’s head office is located at Rua Frederico Arouca, nº 251, 2º frente, 2750-356, Cascais, Portugal. The Company’s registered and records office is located at Unit 1 – 15782 Marine Drive, White Rock, BC, Canada, V4B 1E6.

The Company is engaged in the identification, acquisition, and exploration of helium exploration projects in the USA and Greenland.

These condensed interim consolidated financial statements have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. As at March 31, 2026, the Company had working capital of \$7,884,535. Management estimates that its working capital may not provide the Company with sufficient financial resources to carry out currently planned operations and exploration through the next twelve months. Additional financing may be required by the Company to complete its strategic objectives and continue as a going concern. While the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms acceptable to the Company. These material uncertainties may cast significant doubt upon the Company’s ability to continue as a going concern.

These condensed interim consolidated financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

2. BASIS OF PRESENTATION

Statement of compliance

These condensed interim consolidated financial statements have been prepared in accordance with IFRS Accounting Standard ("IAS") 34 Interim Financial Reporting using accounting policies consistent with IFRS Accounting Standards as issued by the International Accounting Standards Board.

These condensed interim consolidated financial statements do not include all of the disclosures required for annual financial statements, and therefore should be read in conjunction with the annual consolidated financial statements for the year ended September 30, 2025.

Basis of measurement

These condensed interim consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

Functional and presentation currency

These condensed interim consolidated financial statements are presented in US dollars, which is the parent company's functional currency, as well as the functional currency of its wholly owned subsidiaries.

Use of estimates and judgments

The preparation of these condensed interim consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported expenses during the period. Actual results could differ from these estimates.

Carrying value and recoverability of exploration and evaluation assets

Management has determined that exploration and evaluation assets incurred which were capitalized may have future economic benefits and may be economically recoverable. Management uses several criteria in its assessments of economic recoverability and probability of future economic benefits, including whether economic quantities of helium reserves have been found in assessing economic and technical feasibility, other technical information, accessibility of facilities and existing permits.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

2. BASIS OF PRESENTATION (continued)

Use of estimates and judgments (continued)

Warrant and option valuations

The fair value of broker and share purchase warrants as well as stock options is calculated using the Black-Scholes Option Pricing Model. The option pricing model requires the input of highly speculative assumptions, including the expected future price volatility of the Company's shares. Changes in these assumptions can materially affect the fair value estimate.

Asset retirement obligations

The Company's asset retirement obligations represent management's best estimate of the present value of the future cash outflows required to settle estimated reclamation and closure costs on the Company's exploration projects. The provision reflects estimates of future costs, inflation and assumptions of risks associated with the future cash outflows, and the applicable interest rates for discounting the future cash outflows. Changes in the above factors can result in a change to the provision recognized by the Company.

Changes to the asset retirement obligations are recorded with a corresponding change to the carrying amounts of related exploration and evaluation assets. Adjustments to the carrying amounts of related mining properties can result in a change to future depletion expense.

Going concern assumption

In the determination of the Company's ability to meet its ongoing obligations and future contractual commitments management relies on the Company's planning, budgeting and forecasting process to help determine the funds required to support the Company's normal operations for a period of one year. Changes in estimated cash use may alter the Company's ability to meet its ongoing obligations and future contractual commitments and could result in adjustments to the amounts and classifications of assets and liabilities should the Company be unable to continue as a going concern.

Determination of functional currency

The functional currency for each of the Company's subsidiaries is the currency of the primary economic environment in which the entity operates. Management has determined that the functional currency of the parent company as well as the functional currency of the Company's three wholly owned subsidiaries is the United States dollar.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

2. BASIS OF PRESENTATION (continued)

Use of estimates and judgments (continued)

Determining if an acquisition is a business combination or an asset acquisition

As required by IFRS 3 Business Combinations ("IFRS 3"), the Company is required to determine whether the acquisition of Quantum and Hybrid (Note 4) should be accounted for as business combinations or asset acquisitions. Under IFRS 3, the components of a business must include inputs, processes and outputs. Management has determined that Quantum and Hybrid do not include all the necessary components of a business. Accordingly, the acquisitions of Quantum and Hybrid have been recorded as an acquisition of Quantum and Hybrid's net assets, consisting of Quantum and Hybrid's exploration and evaluation assets and working capital.

Determination of asset and liability fair values

Business combinations and asset acquisitions require judgment and estimates to be made at the date of acquisition in relation to determining asset and liability fair values. The information necessary to measure the fair values as at the acquisition date of assets acquired and liabilities assumed requires management make certain judgments and estimates about future events, including but not limited to estimates of mineral resources acquired, exploration potential, future operating costs and capital expenditures, future metal prices, and long-term foreign exchange rates.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies applied by the Company in these condensed interim consolidated financial statements are the same as those applied by the Company as at and for the year ended September 30, 2025.

New standards, interpretations and amendments not yet effective

A number of new standards, amendments to standards and interpretations are not yet effective as of March 31, 2026 and have not been applied in preparing these consolidated financial statements.

On April 9, 2024, the IASB issued IFRS 18 "Presentation and Disclosure in the Financial Statements" ("IFRS 18") replacing IAS 1. IFRS 18 introduces categories and defined subtotals in the statement of profit or loss, disclosures on management-defined performance measures, and requirements to improve the aggregation and disaggregation of information in the financial statements. As a result of IFRS 18, amendments to IAS 7 were also issued to require that entities use the operating profit subtotal as the starting point for the indirect method of reporting cash flows from operating activities and also to remove presentation alternatives for interest and dividends paid and received. Similarly, amendments to IAS 33 "Earnings per Share" were issued to permit disclosure of additional earnings per share figures using any other component of the statement of profit or loss, provided the numerator is a total or subtotal defined under IFRS 18. IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, and is to be applied retrospectively, with early adoption permitted. The Company is currently assessing the impact of the standard on its financial statements and cannot reasonably estimate the effect of these changes on the Company's financial statements.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

4. ACQUISITIONS

Acquisition of Quantum

On November 3, 2025, the Company entered into a definitive agreement to acquire Quantum Hydrogen Inc. ("Quantum"), a Texas corporation. In consideration, the Company issued a total of 584,963 common shares, in five tranches between December 2025 and March 2026, valued at \$543,189 for an 80% acquisition of Quantum.

In addition, the Company has the option to acquire the remaining 20% of Quantum until May 3, 2027 for an additional \$400,000 payable in common shares of the Company, to be issued in five equal monthly tranches of \$80,000. The number of common shares in each tranche will be determined by the thirty-day volume-weighted average price of the Company's common shares prior to each issuance.

Quantum is party to a three-year option to lease non-hydrocarbon gases agreement dated January 24, 2024, on 59,105 acres in northern Minnesota, USA comprising the Torino helium project (Note 7).

Quantum did not meet the definition of a business under IFRS 3 and accordingly, the Company has recorded the acquisition of Quantum as an acquisition of net assets at their relative fair values.

The allocation of the cost of acquisition is summarized as follows:

Consideration paid		
Shares issued	\$	543,189
Transaction costs		43,490
Total	\$	586,679
Net assets (liabilities) received		
Equipment	\$	10,256
Exploration and evaluation assets		723,093
		733,349
Non-controlling interest		(146,670)
Total	\$	586,679

There was no change in non-controlling interest during the period from the date of acquisition to March 31, 2026, and accordingly there has been no adjustment to non-controlling interest for period ended March 31, 2026.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

4. ACQUISITIONS (continued)

Acquisition of Hybrid

On January 5, 2026, the Company completed the acquisition of 100% of the common shares of Hybrid Hydrogen Inc. ("Hybrid") for total consideration of \$105,000 cash (\$25,000 paid in October 2025 and \$80,000 paid in January 2026). On acquisition, Hybrid had no assets or liabilities, and accordingly the full purchase price of \$105,000 was allocated to exploration and evaluation assets (Note 7).

Hybrid holds an exclusive mineral rights pursuant to an option to lease in Michigan's Upper Peninsula, targeting non-hydrocarbon gases (primarily helium). The Company now refers to this project as the Falcon helium project.

Hybrid did not meet the definition of a business under IFRS 3 and accordingly, the Company has recorded the acquisition of Hybrid as an acquisition of net assets at their relative fair values. On acquisition, Hybrid had no assets or liabilities, and accordingly the full purchase price of \$105,000 was allocated to exploration and evaluation assets (Note 7).

In March 2026, the Company changed the name of Hybrid Hydrogen Inc. to Pulsar Helium (MI) Inc.

Topaz Project, Minnesota, USA

In October 2021, the Company entered into a three-year option to lease non-hydrocarbon gases agreement (the "Topaz Option") on 3,132 net acres in Minnesota, USA comprising the Topaz helium project. In consideration, the Company paid \$78,311 on signing of the Topaz Option and agreed to pay \$50,000 on each anniversary of the Topaz Option until October 2024 (\$50,000 paid in September 2022 and \$50,000 paid in September 2023).

In February 2023, the Company partially exercised the Topaz Option to lease 1,040 acres for a period of five years. In consideration, the Company paid \$156,000 cash and agreed to pay a production royalty of 20% (the "Royalty") of the gross sales price of the product sold, where the gross sale price is the actual price paid by a third-party purchaser, less transportation and refining charges or costs.

In October 2024, the Company exercised the remaining Topaz Option to lease 2,092 acres for a period of five years, subject to the Royalty. In consideration, the Company paid \$313,868 cash.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

7. EXPLORATION AND EVALUATION ASSETS (continued)

Topaz Project, Minnesota, USA (continued)

In October 2023, as amended, the Company entered into a mineral lease agreement with a private mineral rights holder to expand the area of the Topaz project. In consideration, the Company paid \$11,000 on signing and agreed to pay a minimum royalty payment on each anniversary thereafter in the following amounts:

- Year 1 - \$2,500 (paid in October 2024)
- Years 2-5 - \$3,950 (paid in October & November 2025)
- Years 6-10 - \$7,900
- Years 11-15 - \$15,800
- Years 16-20 - \$23,700

The minimum royalty payments shall be considered advance royalty and shall be credited to and recoverable from production royalties. The lease is for an initial term of 20 years, extendable up to a maximum of 40 years, subject to conditions. The Company agreed to pay a production royalty of 3%.

A former director of a subsidiary of the Company holds a 0.5% royalty on the Topaz project. The Company has the right to repurchase half of the royalty (0.25%) upon payment of \$100,000.

Torino Project, Minnesota, USA

On January 5, 2026, the Company completed the acquisition of 80% of the common shares of Quantum (Note 4) for total consideration of \$586,679 (\$543,189 paid in shares between December 2025 and March 2026 (Note 12) and \$43,490 cash transaction costs). Quantum is party to a three-year option to lease non-hydrocarbon gases agreement dated January 24, 2024 (the "Torino Option") on 59,105 acres in northern Minnesota, USA comprising the Torino helium project.

Falcon Project, Michigan, USA

On January 5, 2026, the Company completed the acquisition of 100% of the common shares of Hybrid (Note 4) for total consideration of \$105,000 cash (\$25,000 paid in October 2025 and \$80,000 paid in January 2026). Hybrid is party to a three-year option to lease non-hydrocarbon gases agreement dated May 6, 2025 (the "Falcon Option") on 5,742 acres in Michigan, USA comprising the Falcon helium project. Pursuant to the agreement, the Company has agreed to pay \$3.50 per acre on each anniversary of the Falcon Option until May 2028.

Tunu Project, Greenland

In October 2021, the Company was granted two exploration licences in Greenland known as the Tunu helium project.

Pulsar Helium Inc.

8. RIGHT-OF-USE ASSET AND LEASE LIABILITY

In December 2025, the Company entered into a lease agreement on a vehicle which qualifies for reporting under IFRS 16. Accordingly, the Company recorded a right-of-use asset of \$39,757 with a corresponding entry to lease liability. The Company calculated the present value of the minimum lease payments using an interest rate of 7%. Thereafter, the right-of-use asset is depreciated on a straight-line basis over the term of the lease which is 3 years.

The continuity of right-of-use assets for the three months ended March 31, 2026 and for the year ended September 30, 2025 is as follows:

	March 31, 2026	September 30, 2025
Opening balance	\$ -	\$ -
Additions	39,757	-
Depreciation	(916)	-
Closing balance	\$ 38,841	\$ -

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

(Unaudited - Expressed in US dollars)

8. RIGHT-OF-USE ASSET AND LEASE LIABILITY (continued)

The continuity of lease liability for the three months ended March 31, 2026 and for the year ended September 30, 2025 is as follows:

	March 31, 2026	September 30, 2025
Opening balance	\$ -	\$ -
Additions	39,757	-
Interest expense	682	-
Repayment	(1,530)	-
Closing balance	\$ 38,909	\$ -

9. LOAN FACILITY

	March 31, 2026	September 30, 2025
Balance, beginning of period	\$ -	\$ -
Loan proceeds	-	2,500,000
Utilization fee	-	50,000
Extension fee	-	18,750
Interest expense	-	123,000
Repayment	-	(2,691,750)
Balance, end of period	\$ -	\$ -

In April 2025, the Company entered into a project financing facility line of credit note with University Bancorp, Inc. ("University Bancorp") pursuant to which University Bancorp extended the Company a \$4,000,000 project finance facility (the "Facility"). The Facility is secured by a pledge of all of the shares of Keewaydin Resources Inc. ("Keewaydin"), the Company's US subsidiary that holds the Topaz project (Note 7), and a first lien on all assets of Keewaydin. The Facility bears interest on any amount drawn at 12% per annum. A utilization fee of 2% is also charged on any amount drawn. All accrued interest and the utilization fees are payable at maturity.

During the year ended September 30, 2025, the Company drew \$2,500,000 under the Facility.

On August 14, 2025, University Bancorp extended the maturity date of the Facility from March 31, 2026 to November 30, 2026, in consideration for a 0.75% extension fee on the amount drawn of \$2,500,000, or \$18,750, with the fee payable at maturity.

On September 24, 2025, the Company repaid the Facility in full including principal of \$2,500,000, interest of \$123,000, utilization fee of \$50,000, and extension fee of \$18,750.

The Facility continues to be available to the Company.

10. NON-CASH WARRANT LIABILITY

	March 31, 2026	September 30, 2025
Balance, beginning of period	\$ 1,749,651	\$ 3,798,355
Exercise of warrants	(5,162,791)	(152,980)
Revaluation	3,413,140	(1,895,724)
Balance, end of period	\$ -	\$ 1,749,651

Share purchase warrants are considered a derivative liability, as the currency denomination of the exercise price is different from the functional currency of the Company.

During the six months ended March 31, 2026, all remaining warrants were exercised (Note 12) and accordingly, the warrant liability was adjusted to \$Nil.

11. ASSET RETIREMENT OBLIGATION

	March 31, 2026	September 30, 2025
Balance, beginning of period	\$ -	\$ -
Additions (Note 7)	301,672	-
Accretion	971	-
Balance, end of period	\$ 302,643	\$ -

State laws and regulations concerning environmental protection affect the Company's exploration and operations. Under current regulations, the Company is required to meet performance standards to minimize the environmental impact from its activities and to perform site restoration and other closure activities. The Company's provision for future site closure and reclamation costs is based on known requirements.

On March 31, 2026, the Company estimated the present value of the environmental disturbance at the Topaz project (Note 7) to be \$302,643 based on an undiscounted obligation of \$362,106, which is expected to be incurred in 2036. The provision was calculated using a weighted average discount rate of 1.81% and an inflation rate of 2.00%.

(Unaudited - Expressed in US dollars)

12. SHARE CAPITAL AND RESERVES

Authorized

The Company has an unlimited number of common shares without par value authorized for issue.

Issued and outstanding

During the six months ended March 31, 2026, the Company completed the following:

- On December 16, 2025, the Company issued 290,979 common shares valued at \$87,305 on the settlement of 290,979 PSUs.
- On February 27, 2026, the Company completed a private placement through the issuance of 9,191,175 common shares at a price of £0.80 per share for total gross proceeds of \$9,908,599 (£7,352,940).

The Company paid an advisory fee of \$26,951 (£20,000), cash finder's fee of \$594,516 (£441,176), and other cash share issue costs of \$111,129.

The Company also issued 551,470 broker warrants valued at \$232,857 recorded as share issue costs. The broker warrants entitle the broker to purchase one common share at a price of £0.80 until February 27, 2027. The fair value of the broker warrants was determined using the Black-Scholes option pricing model with the following assumptions: a risk-free interest rate of 2.39%; an expected volatility of 100%; an expected life of 1 year; a forfeiture rate of zero; and an expected dividend of zero. The Company incurred other share issue costs of \$108,279.

- On March 26, 2026, the Company issued 2,066,000 common shares valued at \$616,532 on the settlement of 2,066,000 PSUs.
- During the six months ended March 31, 2026, the Company issued 584,963 common shares valued at \$543,189 for an 80% acquisition of Quantum (Note 4).
- During the six months ended March 31, 2026, the Company issued 18,130,793 common shares on the exercise of warrants for gross proceeds of \$4,724,783. The Company recorded an allocation on exercise of warrants of \$5,162,791 from non-cash warrant liability (Note 10) and an allocation on exercise of warrants of \$168,449 from reserves.
- During the six months ended March 31, 2026, the Company issued 4,650,000 common shares on the exercise of options for gross proceeds of \$1,503,863. The Company recorded an allocation on exercise of options of \$1,030,619 from reserves.

(Unaudited - Expressed in US dollars)

12. SHARE CAPITAL AND RESERVES (continued)

Share-based compensation

The Company has a 10% “rolling” stock option plan which governs the granting of stock options to directors, officers, employees and consultants of the Company for the purchase of up to 10% of the issued and outstanding common shares of the Company from time to time. The maximum term of stock options is ten years from the grant date. The exercise price and vesting terms are at the discretion of the directors.

In addition, the Company has an equity incentive plan (the “Equity Plan”) which governs the granting of any restricted share unit (RSU), performance share unit (PSU) or deferred share unit (DSU) granted under the Equity Plan, to directors, officers, employees and consultants of the Company. The Company has reserved for issuance up to 7,414,028 common shares of the Company.

Stock options

The continuity of stock options for the six months ended March 31, 2026 is as follows:

Expiry date	Exercise price C\$	Balance,	Granted	Exercised	Expired	Balance,
		September 30, 2025				March 31, 2026
February 1, 2029	\$ 0.45	8,800,000	-	(4,650,000)	-	4,150,000
December 16, 2030	\$ 0.69	-	2,000,000	-	-	2,000,000
		8,800,000	2,000,000	(4,650,000)	-	6,150,000
Weighted average exercise price - C\$		\$ 0.45	\$ 0.69	\$ 0.45	\$ -	\$ 0.53

As at March 31, 2026, all stock options were exercisable with a weighted average remaining contractual life of 3.45 years.

In December 2025, the Company granted 2,000,000 stock options to an officer and a consultant of the Company at a fair value of \$758,267 or C\$0.52 per option, all of which was recorded as share-based compensation for the six months ended March 31, 2026. The fair value of the stock options granted was determined using the Black-Scholes option pricing model with the following assumptions: a share price of C\$0.69, a risk-free interest rate of 2.96%; an expected volatility of 100%; an expected life of 5 years; an exchange rate of 1.3748, a forfeiture rate of zero; and an expected dividend of zero.

12. SHARE CAPITAL AND RESERVES (continued)

Share-based compensation (continued)

Performance Share Units ("PSUs")

The continuity of PSUs for the six months ended March 31, 2026 is as follows:

Award date	Balance, September 30,	Granted	Settled	Forfeited	Balance, March 31,
	2025				2026
February 1, 2024	3,600,000	-	(2,356,979)	(109,021)	1,134,000
December 16, 2025	-	1,200,000	-	-	1,200,000
	3,600,000	1,200,000	(2,356,979)	(109,021)	2,334,000

In February 2024, the Company awarded 4,000,000 PSUs to four key individuals, including 2,800,000 to two officers of the Company. The PSUs vest as to one-third each on the first, second and third anniversaries of the award date. The PSUs were valued at \$1,193,674, using a share price of C\$0.40 and an exchange rate of 1.3404. During the six months ended March 31, 2026, \$119,333 (2025 - \$299,943) of the total amount was recorded as share-based compensation on the statement of loss and comprehensive loss. During the six months ended March 31, 2026, 290,979 of the PSUs were settled for common shares of the Company and 109,021 were forfeited as this key individual is no longer with the Company.

In December 2025, the Company awarded 1,200,000 PSUs to an officer and a consultant of the Company. The PSUs vest as to one-third each on the first, second and third anniversaries of the award date. The PSUs were valued at \$602,269, using a share price of C\$0.69 and an exchange rate of 1.3748. During the six months ended March 31, 2026, \$105,861 of the total amount was recorded as share-based compensation on the statement of loss and comprehensive loss.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

14. SEGMENTED INFORMATION

Operating segments are identified on the basis of internal reports that are regularly reviewed by the chief operating decision-maker to allocate resources to the segments and to assess their performance.

The chief operating decision-maker who is responsible for allocating resources and assessing performance of the operating segments, has been defined as the Chief Executive Officer.

The Company operates in a single segment, being exploration and evaluation of helium.

All of the Company's helium exploration and evaluation assets and equipment are located in the USA and Greenland.

15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial Instruments

Financial instruments are classified into one of the following categories: fair value through profit or loss ("FVTPL"); fair value through other comprehensive income ("FVTOCI"); or at amortized cost. The carrying values of the Company's financial instruments are classified into the following categories:

		March 31, 2026	September 30, 2025
Cash	Amortized cost	\$ 8,510,089	\$ 1,128,106
Trade and other payables	Amortized cost	831,448	860,790
Non-cash warrant liability	FVTPL	-	1,749,651

The Company's financial instruments recorded at fair value require disclosure about how the fair value was determined based on significant levels of inputs described in the following hierarchy:

Level 1 - Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions occur in sufficient frequency and value to provide pricing information on an ongoing basis.

Level 2 - Pricing inputs are other than quoted prices in active markets included in Level 1. Prices in Level 2 are either directly or indirectly observable as of the reporting date. Level 2 valuations are based on inputs including quoted forward prices for commodities, time value and volatility factors, which can be substantially observed or corroborated in the market place.

Level 3 - Valuations in this level are those with inputs for the asset or liability that are not based on observable market data.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended March 31, 2026

(Unaudited - Expressed in US dollars)

15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Financial Instruments (continued)

The carrying values of cash and trade and other payables approximate their fair values due to their short-term nature. These financial instruments are classified as financial assets and liabilities at amortized cost and are reported at amortized cost. The fair value of the Company's non-cash warrant liability is recorded at fair value using Level 3 of the fair value hierarchy. The carrying value of the non-cash warrant liability is determined using the Black-Scholes option pricing model.

Risk Management

The Company's risk management objectives and policies are consistent with those disclosed by the Company for the year ended September 30, 2025.

16. NON-CASH INVESTING AND FINANCING ACTIVITIES

During the six months ended March 31, 2026, the Company:

- issued 584,963 common shares valued at \$543,189 satisfying the final four tranches of \$80,000 each on the acquisition of Quantum (Note 4);
- Issued 551,470 broker warrants valued at \$232,857 (Note 12);
- recorded an allocation on the settlement of PSUs of \$703,837 from reserves to share capital (Note 12);
- recorded an allocation on exercise of warrants of \$5,162,791 from non-cash warrant liability to share capital (Note 12);
- recorded an allocation on exercise of warrants of \$168,449 from reserves to share capital (Note 12);
- recorded an allocation on exercise of options of \$1,030,619 from reserves to share capital (Note 12);
- recorded a right-of-use asset and a lease liability of \$39,757 (Note 8); and
- recorded an asset retirement obligation related the Topaz project of \$301,672 (Note 11).

During the six months ended March 31, 2025, the Company:

- issued 1,000,000 common shares at a value of \$324,953 for corporate finance fees recorded as share issue costs;
- issued 240,000 common shares at a value of \$77,989 for prepaid regulatory costs;
- issued 1,612,500 broker warrants valued at \$395,629; and
- recorded an allocation on exercise of share purchase warrants of \$149,003 from warrant liability to share capital.

During the six months ended March 31, 2026, the Company paid interest of \$Nil (2025 - \$Nil) in cash.

During the six months ended March 31, 2026, the Company paid income tax of \$Nil (2025 - \$Nil) in cash.

Pulsar Helium Inc.

Notes to the Condensed Interim Consolidated Financial Statements

17. SUBSEQUENT EVENTS

Subsequent to March 31, 2026, the Company:

- issued 576,824 common shares on the exercise of warrants for gross proceeds of £132,670.
- issued 1,450,000 common shares on the exercise of options for gross proceeds of C\$892,500.
- In April 2026, the Company entered into a three-year option to lease non-hydrocarbon gas agreement on 488,090 acres, significantly increasing the size of the Falcon Project in Michigan, USA. In consideration, the Company paid \$122,022 (or \$0.25 per acre) on signing and agreed to make options payments of \$0.50 per acre on the first anniversary and \$1.00 per acre on the second anniversary. The agreement contains a staged acreage surrender schedule, allowing the Company to reduce its retained acreage, with a final development leasehold of up to 20,000 acres selectable at the time of exercise. In addition, the Company has agreed to use reasonable efforts to incur exploration expenditures of not less than \$1,000,000 over the term of the lease.
- In April 2026, the Company granted 5,400,000 stock options to directors, officers and consultants of the Company exercisable at a price of C\$1.60 until April 25, 2031. Certain of the stock options vest 25% immediately and 25% each year thereafter.
- In April 2026, the Company awarded 850,000 PSUs to directors and officers of the Company. The PSUs vest as to one-third each on the first, second and third anniversaries of the award date.
- In April 2026, the Company awarded 1,050,000 Restricted share units ("RSUs") to an officer of the Company. The RSUs vest as to one-third each on the first, second and third anniversaries of the award date.
- In May 2026, the Company completed the acquisition of certain surface land in Lake County, Minnesota, located within the Topaz Project (Note 7) for a purchase price of \$2,480,000 cash.
